# 1. ITC & e-Learning Center

## 1.2 e-Learning Center

- ASEAN Cyber University (ACU) was proposed by South **Korea-ASEAN Submit 2009.**
- At the first stage, the project is designed to help the **CLMV (Cambodia, Laos, Myanmar and Vietnam)**
- Mandated by the **Ministry of Education, Youth and Sport (MoEYS)** of Cambodia to implement the ACU Project
- In 2011, ITC was selected by the selection committee from Korea for setting up **ASEAN Cyber University (ACU)**
- In June 2012 ITC e-Learning Center was established:
  - **Multimedia studio room**
  - **Content development room**
  - **Operation room**

## 2. Our Roadmap of ITC e-Learning Center

*Clear pathway to get success easier!*

**2020-~: E-Learning HUB & Gateway for Cambodia**

- ◆ Richness contents (Hard/soft skills, none/credit courses)
- ◆ Credit transfer among Cambodia & ASEAN universities
- ◆ Improve and maintain the technology and system
- ◆ Sustainable model

**2016-2019: Expand the E-learning Model in Higher Ed.**

- ◆ Research on specific areas for growing E-learning model
- ◆ Capacity Building (leadership & developer) in advanced level
- ◆ Utilize Cambodia Research Education Network (CamREN) link
- ◆ Assist e-learning operations, techniques, and develop to initiative members (IMs) in Cambodia.

**2012-2015: Pilot operation & localization**

- ◆ Capacity Building ( leadership & developer)
- ◆ Setup E-learning Infrastructure and System
- ◆ Provide online courses to ITC, Seminar, and workshop

# 2.1 Our History (Stage1 Project)

*We started from scratch*

Pilot the e-learning model,  
2 courses for 1 Department,  
7 Skill persons

Start

2012

8 Courses for 3  
Departments, 20 Skill  
persons

Expand to other Dept.

2014

2013

Growth

5 courses for 2 Departments,  
14 Skill persons

2015

Expand to whole ITC

13 Courses for 8 Departments at  
ITC, 40+ skill persons (include  
NIPTICT)

## 2.2 Our Current Tasks (Stage2 Project)

*Moving forward*

**18 Courses**, Expand to **3 public universities**, and ITC-OER Starts

Start

2016

Keep increasing course number to **35**, expand 3 more universities in PP, and 5 universities in different provinces. Total: **16 institutions**

Expand to more

universities

2018

2017

Growth to provinces

Increase **to 25 courses**, Expand 3 more universities at PP and 2 at provinces. Total: **8 institutions**

**Propose ITC-OER Policy to MoEYS**

2019

Expand to many Univ. in Cambodia

Richness online courses, **Credit transfer, & ITC-OER**

### 3. We provide **flipped and blended learning** model

# 4. Expansion Program: Our Members

## *Signing Memorandum of Agreement (MoA)*

- Support the technical skills in developing two online courses for one year;  
- Provide consultancy and share experiences in managing and operating online courses.

2. University of Health Sciences's responsibilities:

- Cover the cost for network installation with the speed of 25 mbps through fiber optics network with Domestic Private Leased Circuit (DPLC) technology, which connect to the Institut de Technologie du Cambodge;
- Build a technical team to work with the technical team from the Institut de Technologie du Cambodge.

3. Termination and Amendment

This Memorandum of Agreement is to be in effect from the date of signatures for a period of one year, and can be continued or amended by either institution upon 6 (six) months prior written notice. This agreement has been executed in two identical copies of which the two institutions have taken one each.

# 4.1. Seminar on e-Learning model at UHS

*Introduce the e-Learning model for lecturers/professors at UHS*

30 lectures/professors were attended seminar on 27 July 2016

## 4.2. Content Development Training

*Start from Where is Different Place, Reach Together!*

8 persons  
from UHS

4 persons

## 4.3. MOU Signing Ceremony at RUA

*For e-learning and CamREN*

MOU Signing Ceremony between ITC and RUA on **3rd February 2017**

Royal University of Agriculture and Institut de Technologie du Cambodge have joined in agreement to promote partnership and collaboration for exchanging **online courses** and linking to Cambodia Research Education Network (**CamREN**)

# 5. Support Policy for e-Learning model at ITC

*A policy set is a key success for driving e-Learning model in HE*

## School support policy

1. Support flipped and blended learning,
2. Encourage online course operation

## Support policy from departments

All departments are encouraged their lecturers / professors to develop online courses

## Support policy from Cyber University and Multimedia Center, ITC

1. Support development and technical skills
2. Incentive for course development and Operation

# What is Flipped Classroom?

- What is traditionally done in class is now done at **home**.
- What is traditionally done at home is now done in **class**.

# The Pioneers

- The Method

- **Lecture** → **Class**
- **Activities** → **Outside class**

Aaron Sams & Tom Bergmann

- The Steps

- Course content online
- Assign course as Homework
- Use Class for wrap-up, lab activities, project based learning

- A 48h engineering course (**Traditional classroom**) at ITC is generally divided to:

Activity type	Hour	Place	Main actor
Lecture	24h	Classroom	Lecturer
Labs	24h	Laboratory/Field	student
Project	-	Home	Student team work

- Our flipped classroom:

Activity type	Hour	Place	Main actor
Lecture	-	<b>Home/Computer room</b>	Student
Wrap-up and Q&A	12h	Classroom/Field	Student/Lecturer
Labs	24h	Laboratory/Field	student
Project/ Class Activities	12h+	<b>Classroom</b>	Student/Lecturer

# Flipped Learning

*Lectures at home, Homework at class*

## Flipped

Teacher instructs lesson at home  
(video / podcast / book/ website)

Students work in class.

- Deeper understanding of concepts, applications, and connections to content are made.
- Students receive support as needed.

# 8. BENEFITS OF E-LEARNING?

Benefits of e-Learning to students

SLIDE 21

1

## More independent learners

Assist students in becoming more independent, self-confident and efficient learners.

2

## Easy to Understand and Learn

Assure the quality of content, lesson flows, and explanation, and design

3

## Learning at your own pace

E-learning course allows each student to tackle the subject at their own pace, to ensure a thorough **understanding** throughout each chapter

4

## Learning 24/7, Anywhere

e-learning allows students to learn at anytime and anywhere through Internet.

5

## Experience in online learning technologies

Skill in e-learning technologies that are prevalent in education and workplace training

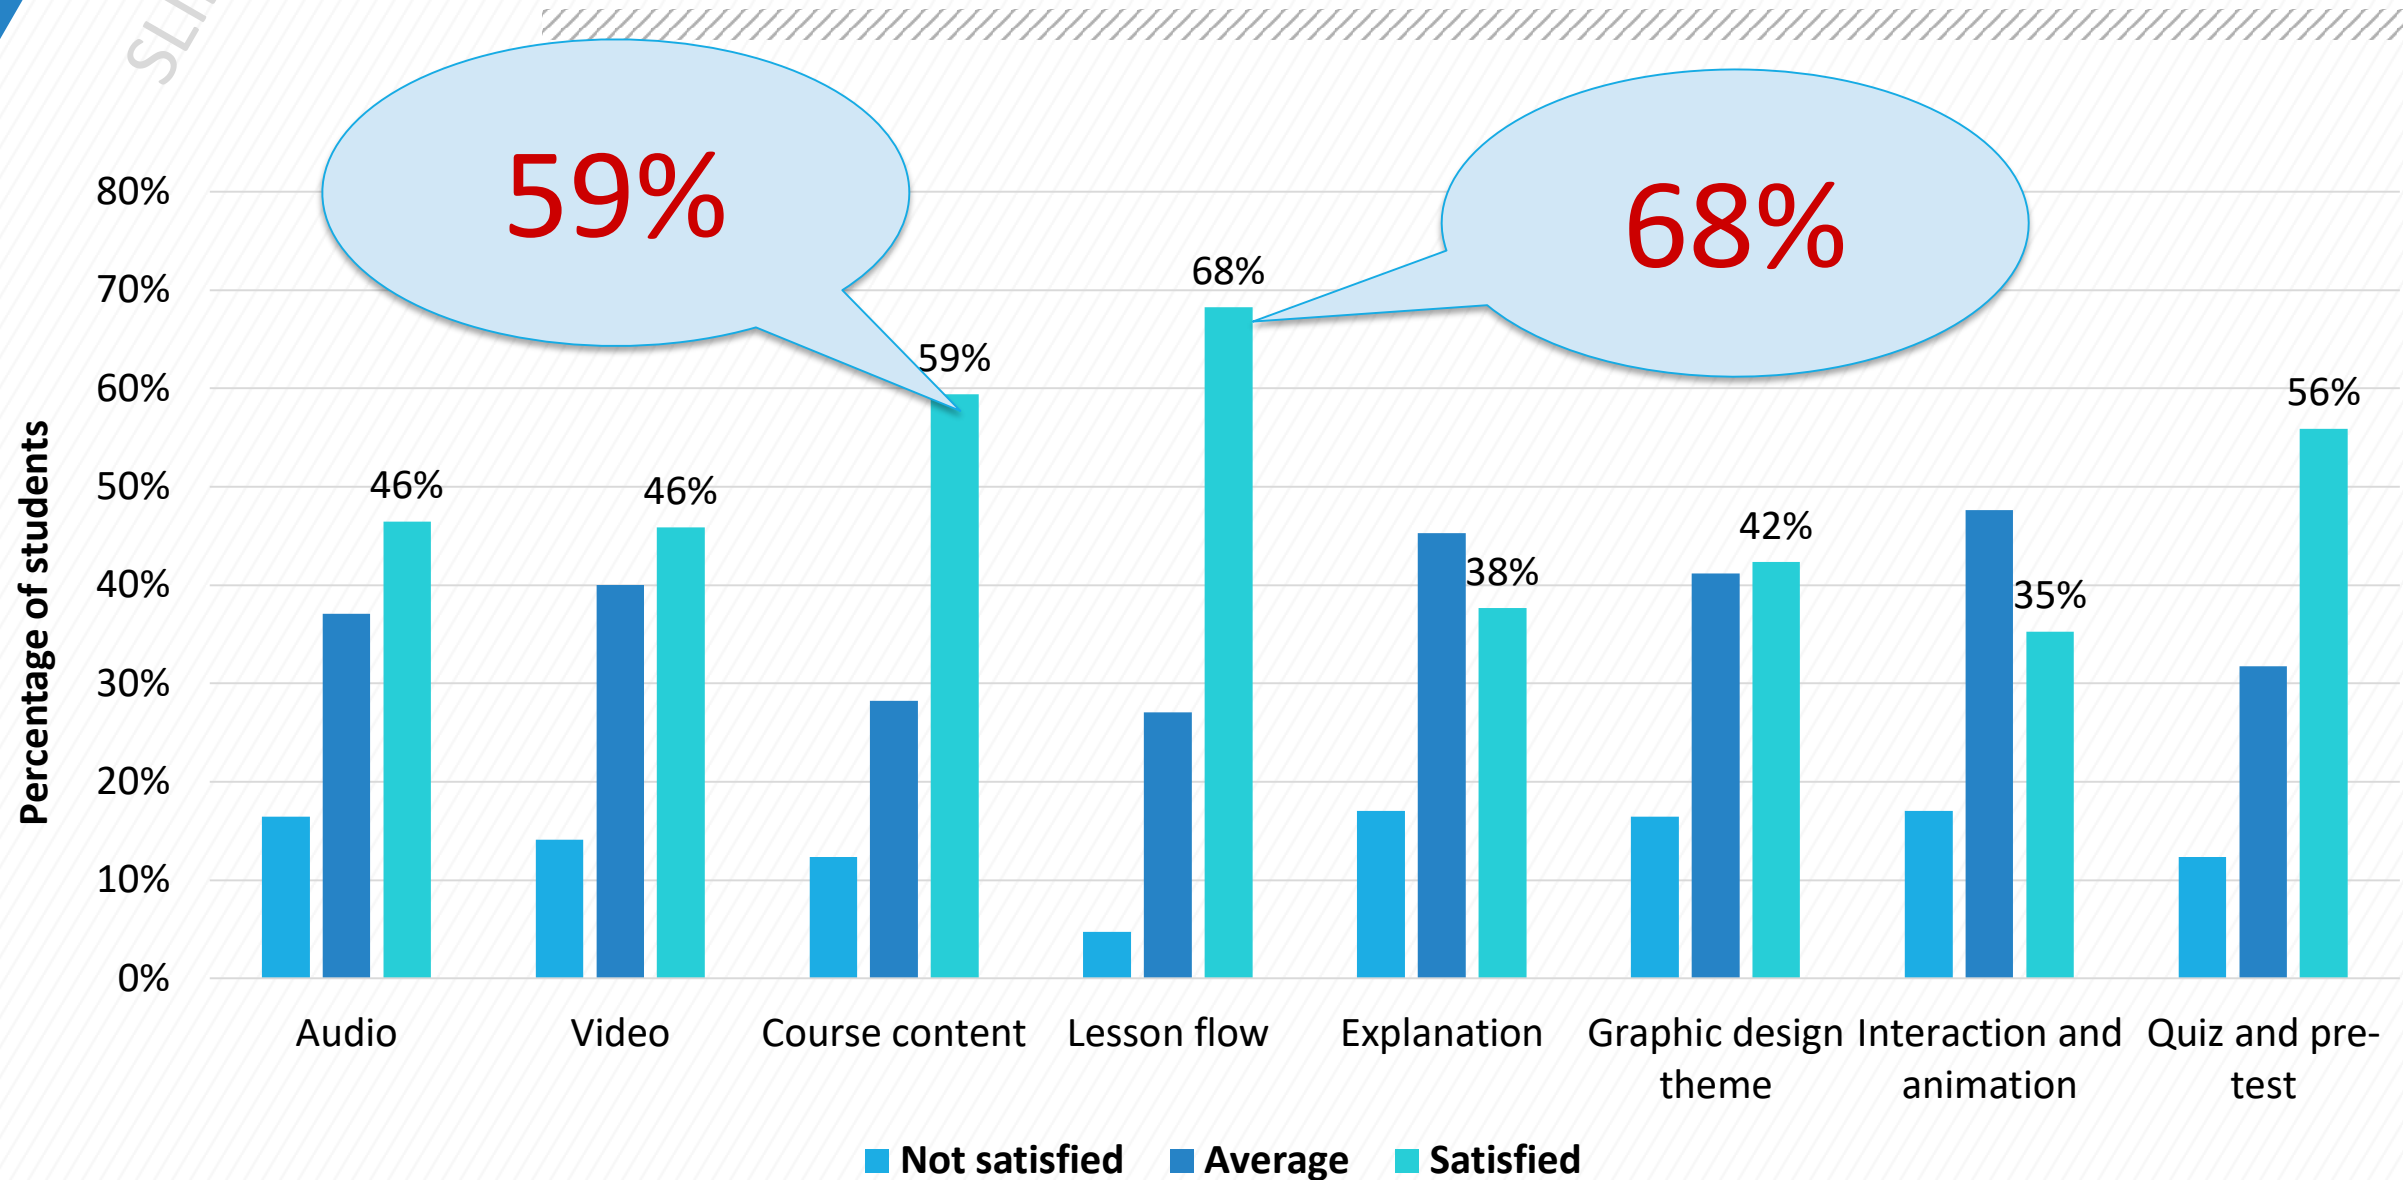

6

## Learn, review and take notes

Review the lessons many times as you want, before exam

## 9. E-LEARNING COURSES

What do students think about the e-learning course design in general?

### How is the e-learning course?

E-Learning course is designed by cooperating with quality lecturers and our experienced technical team. We have studio room for the high quality of video and sound.

# 13. STUDENT'S VIEW

What do students think about e-learning?

Students agreed

Using online learning enables me to accomplish study tasks more quickly.

Students agreed

I can access the course material and explanation all the time online.

Students agreed

I will increase my chances of getting good study results.

Students agreed

My technology skills would improve.

# Where We Are: Conclusion

1. **E-learning Model** ( Flipped & Blended Learning) has been implementing in four (4) members: ITC, NUM, UHS, RUA.
2. **Human resources** is growing as planning
3. **Infrastructure** is one core for operation
4. **Research** work is an important for guiding the right way of e-Learning development
5. **Promotion** e-Learning model in H.E is needed to grow the model widely
