

ALiSEA

AGROECOLOGY LEARNING ALLIANCE
IN SOUTH EAST ASIA

SMALL GRANT FACILITY RESULTS 2022-2023

Date: 07th November 2024

Name: Ms. Manivanh Aliyavong

Position: ALiSEA Regional Small Grant Manager

Overall objective and topic of small grant

Strengthen **ALiSEA members and partners** on three major topics in support to agroecology transition in the Sub-Mekong Region.

Topic	Call for proposal 2022	Call for proposal 2023
1	Assess the impact and effect of public policy supporting agroecology and food systems at multiple levels.	Support and improve market access for Agroecology Products
2	Test and support agroecology innovations (technical, social, economic, organizational and institutional).	Link field experience in Agroecology and Food Systems to Public Policy framework
3	Evaluate the performance and impacts of agricultural and food systems of ALiSEA members' field initiatives.	Empower and strengthen Youth involvement in Agroecology

Selection Committee & results of 16 Grants awarded

- **Co-Development of one common Guidelines** to manage funding from ASSET project and Uni4coop in Cambodia (a single process managed by ALiSEA)
- **Diversity of stakeholders involved from 3 countries:** GRET, RDA, SAEDA, NUoL, CASRAD, NOMAFSI, CARES, CISDOMA, DPA, Uni4Coop, Chrysalis Consulting, CIRAD, IRD

16 Small grants awarded

Country		Number of Grants awarded break down		Funded by ASSET project (AFD/EU/FFEM) break down		Funded by Uni4Coop (DGD) break down		
	Total	2022	2023	2022	2023	2022	2023	2024/2025
Cambodia	7	2	3	1	1	1	2	2
Lao PDR	5	2	3	2	3			
Vietnam	5	3	2	3	2			
Thailand	1	0	1	0	1

Strengthen Youth involvement in Agroecology

Knowledge products

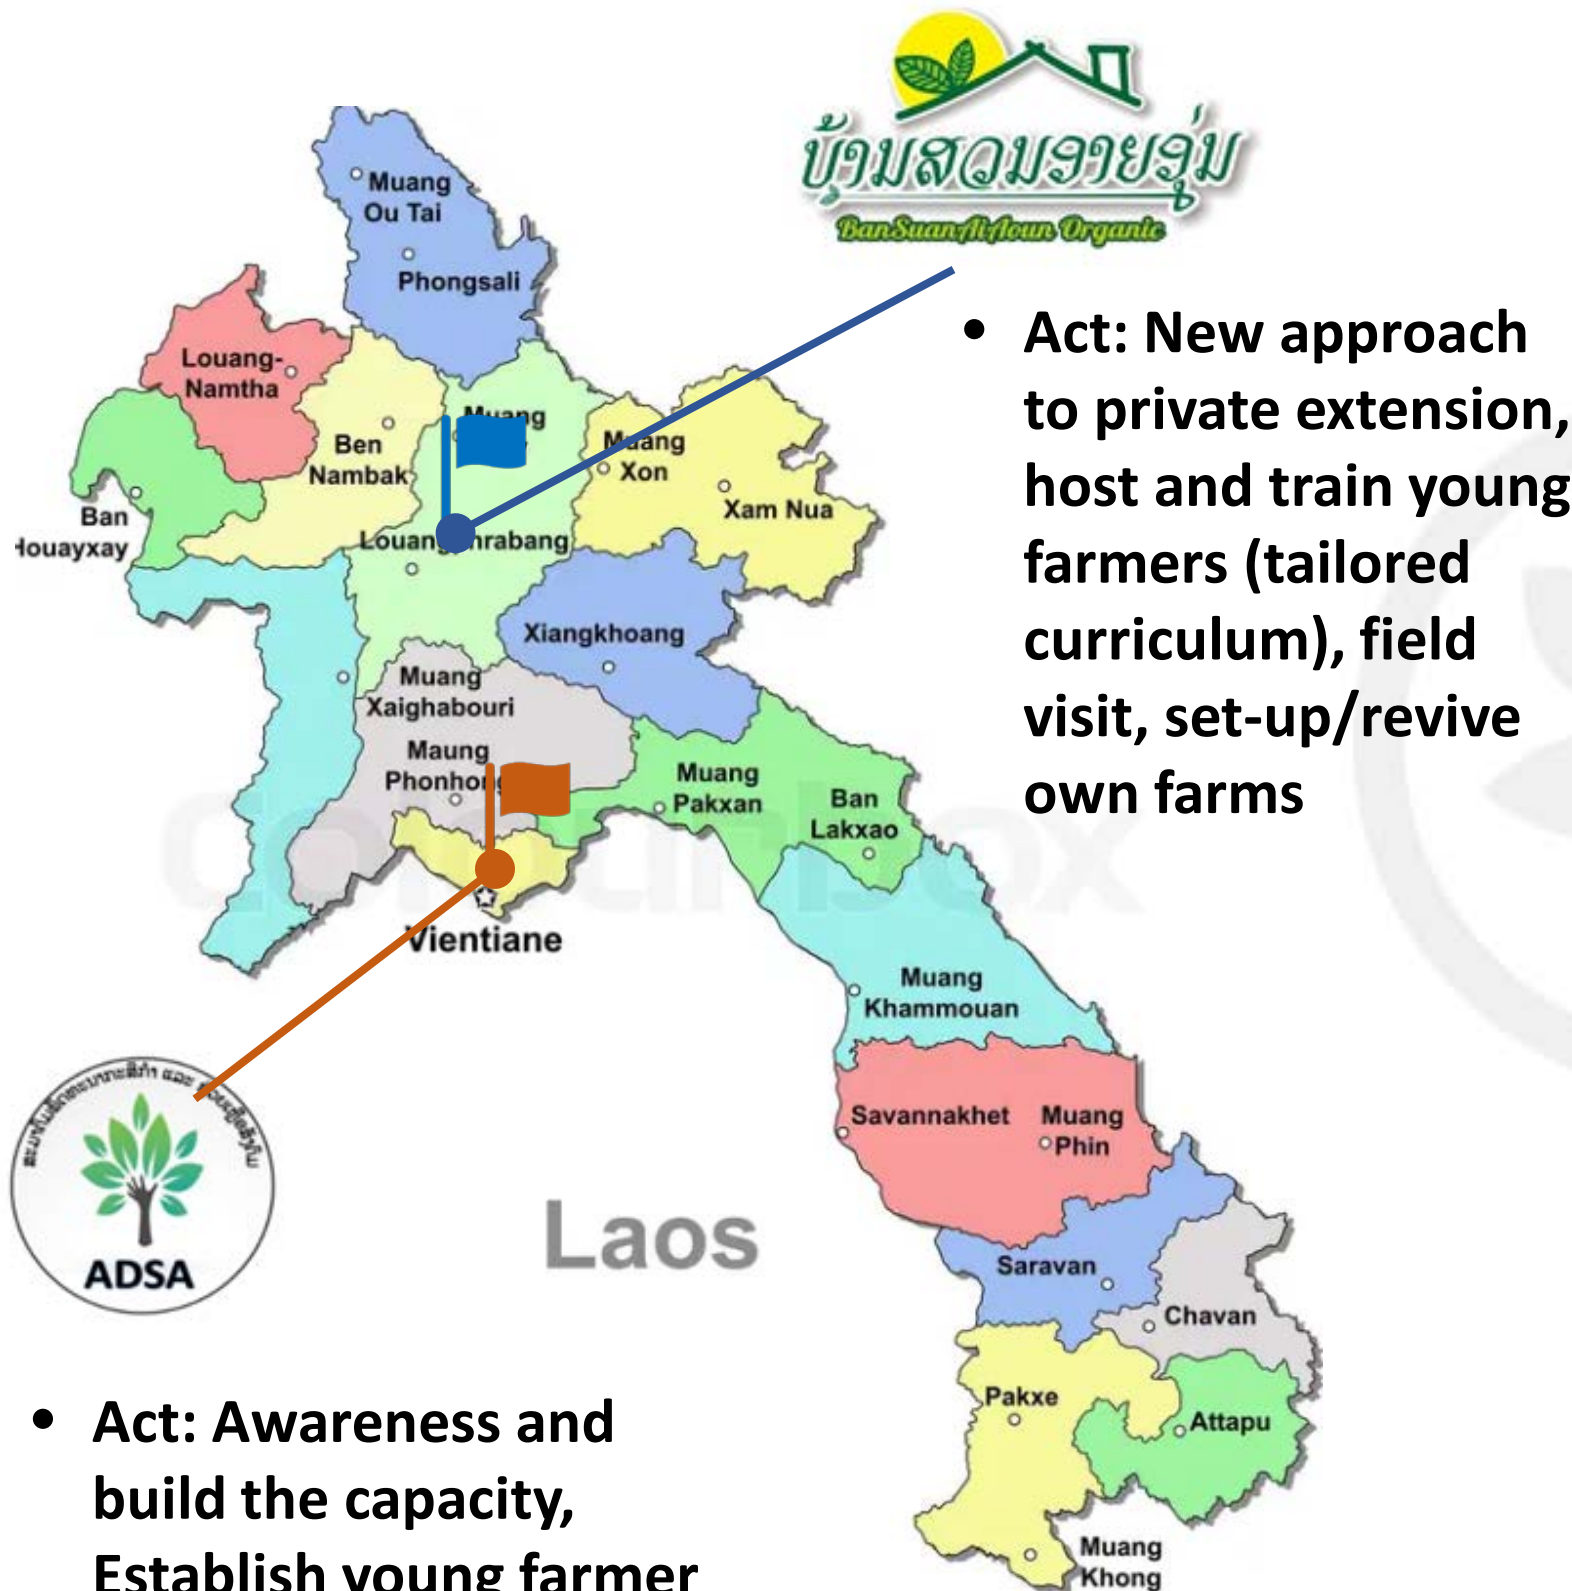

- 10 case studies/success stories
- 4 videos,
- 1 booklet,
- 1 technical guideline

Act: Build technical capacity of youth in secondary schools, agroecology-based school garden

GreenShoots
FOUNDATION

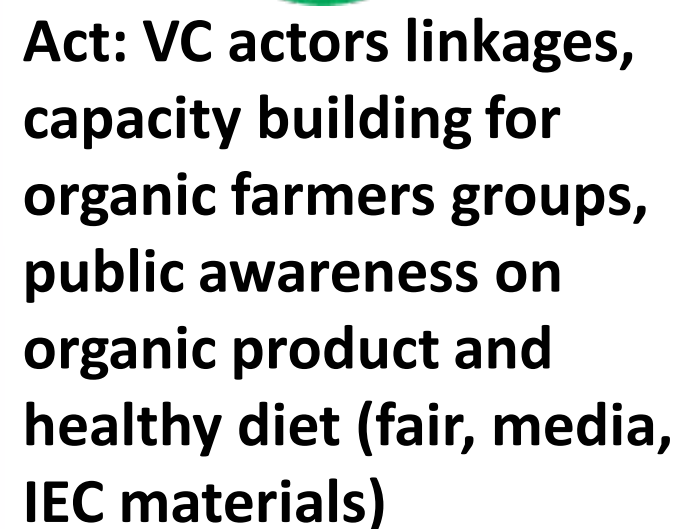

Act: Study tour, Living lab, Farmer Forum

Laos

- Act: New approach to private extension, host and train young farmers (tailored curriculum), field visit, set-up/revive own farms
- Act: Awareness and build the capacity, Establish young farmer groups, produce media contents

Laos

Vietnam

ASSET

Act: Boost vegetable market by addressing challenges like unstable markets, pests and diseases, empowering farmers, market analysis, training, business relations between market actors

Act: Capacity building on AE practices, quality certification to local and international markets, linkages between VC actors

Knowledge products

- **4 case studies,**
- **3 videos**
- **1 training module**

Test and implement Agroecological Innovations

Knowledge products

- 1 case study
- 2 technical brief
- 6 videos
- 1 policy paper

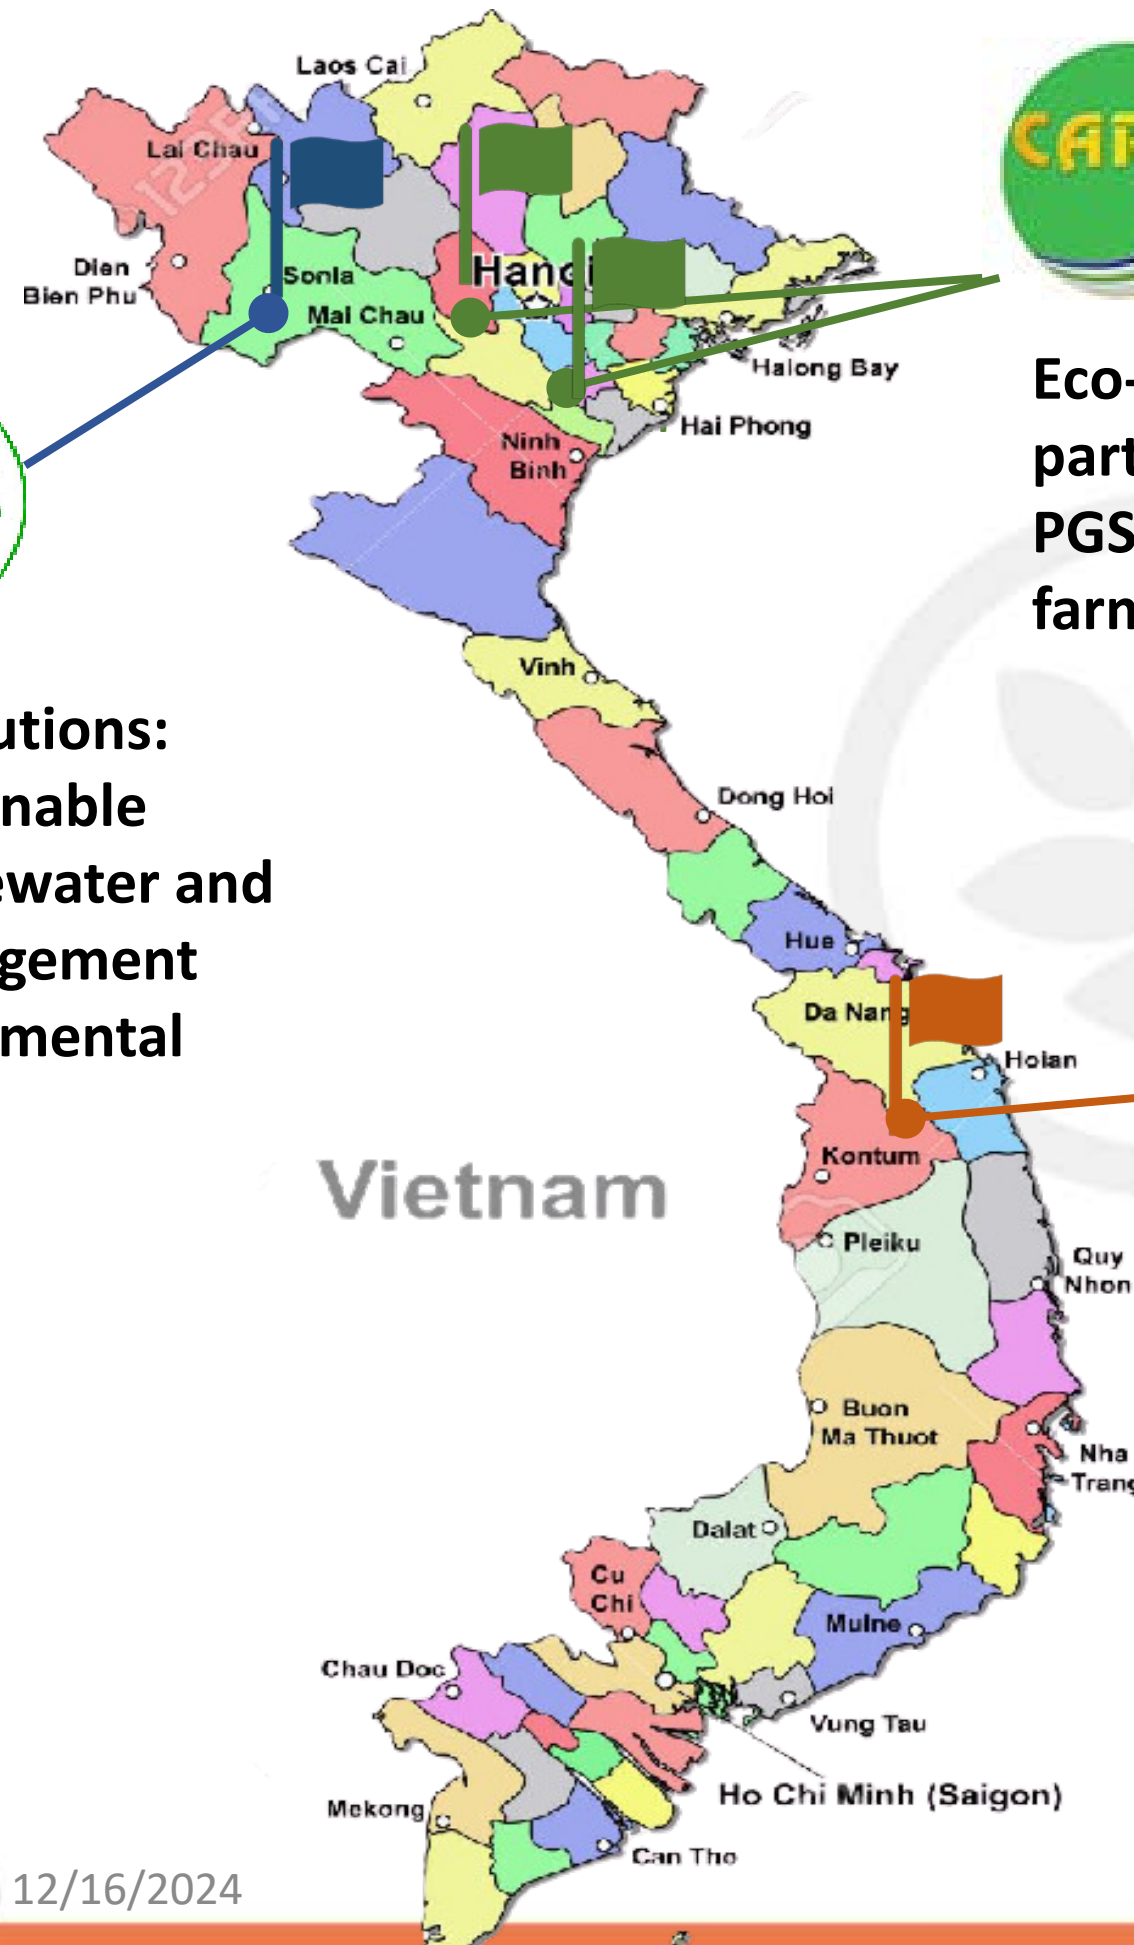

Coffee Waste Solutions:
Integrating Sustainable
Models for Wastewater and
By-Product Management
into local environmental
Policy.

Eco-weed control: a
participatory experiment on
PGS and organic vegetable
farms.

**Supporting the transition towards a more
diversified farming system by developing
experimental cultivation of native medicinal
herbs & edible herbs on upland farming areas**

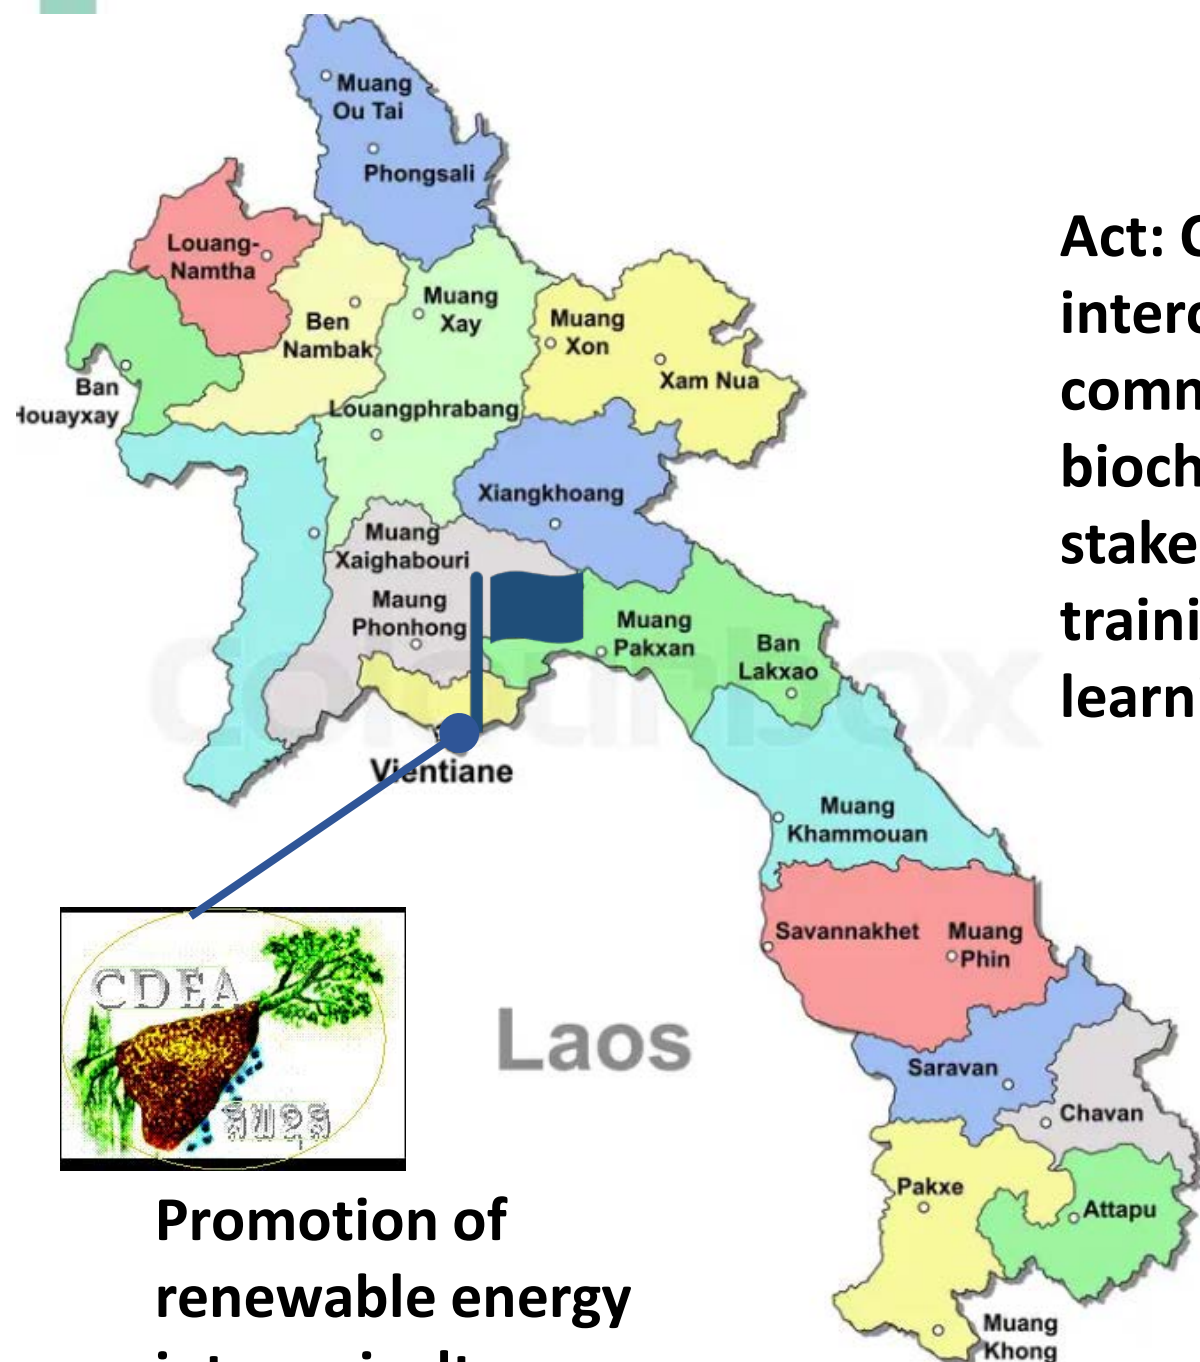

Test and implement Agroecological Innovations

Knowledge products

- 2 case studies
- 2 Technical guidelines
- 1 training curriculum,
- 1 video
- 1 Success story

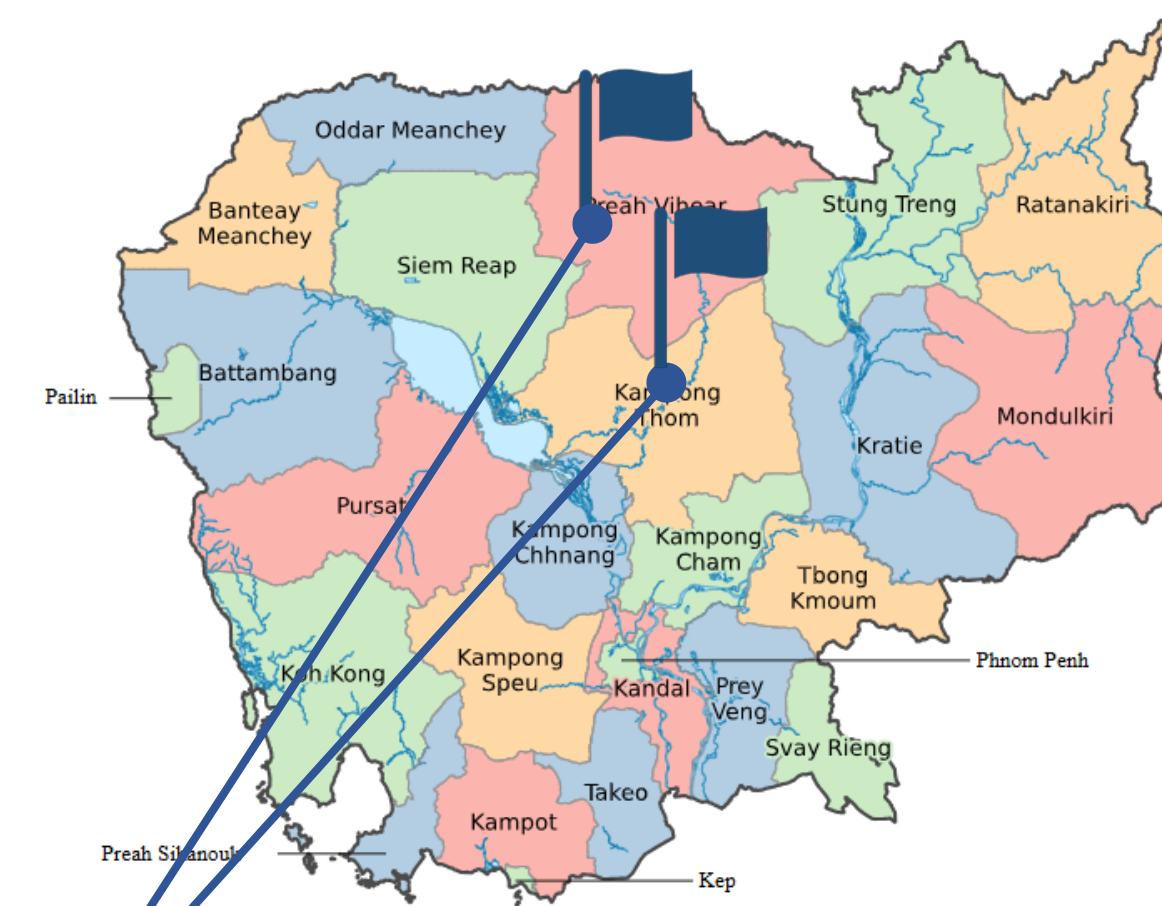

Promotion of renewable energy into agriculture post harvesting for smallholders

Act: Create interconnected community of biochar stakeholders, training, regional learning event,

มูลนิธิเอคโค่ เอเชีย ประเทศไทย
ECHO Asia Foundation, Thailand

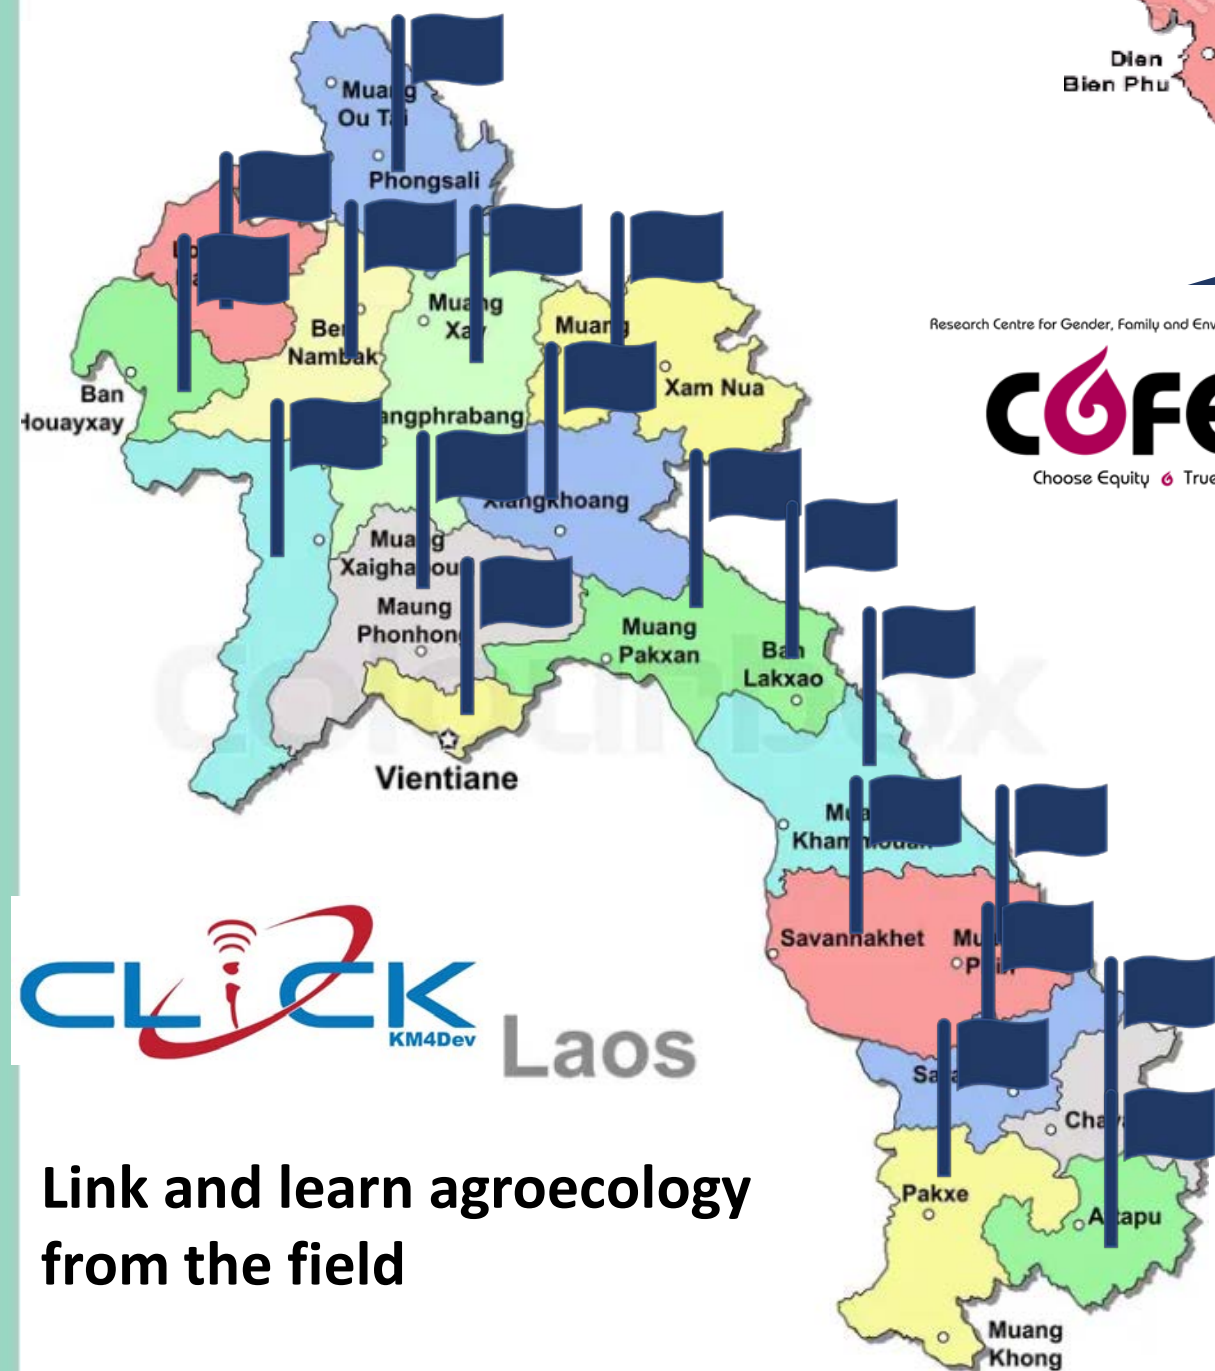

Test and demonstration on climate-resilient variety and agro-ecological practice of cashew nuts cultivation.

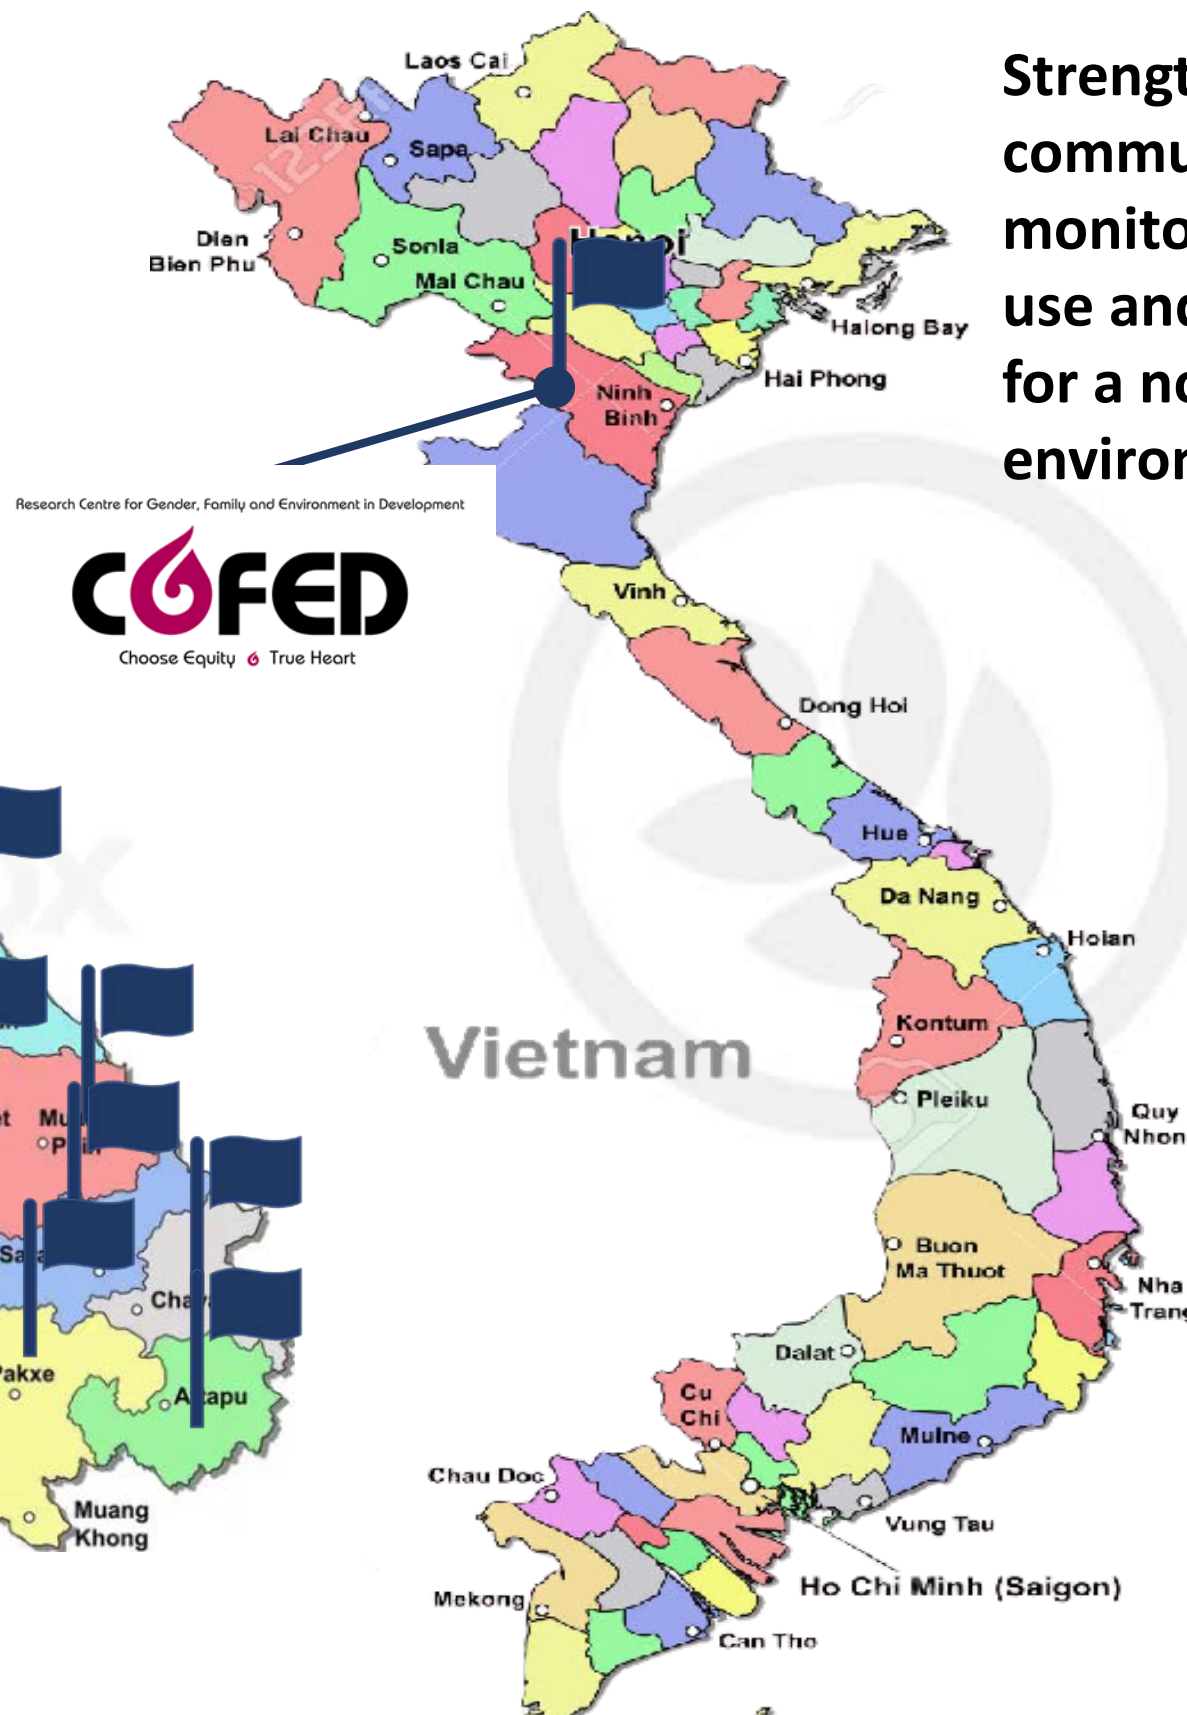

Document and evaluate agroecological practices/systems

Knowledge products

- 16 case studies
- 16 videos
- 1 policy brief
- 1 I-stand
- 1 Poster

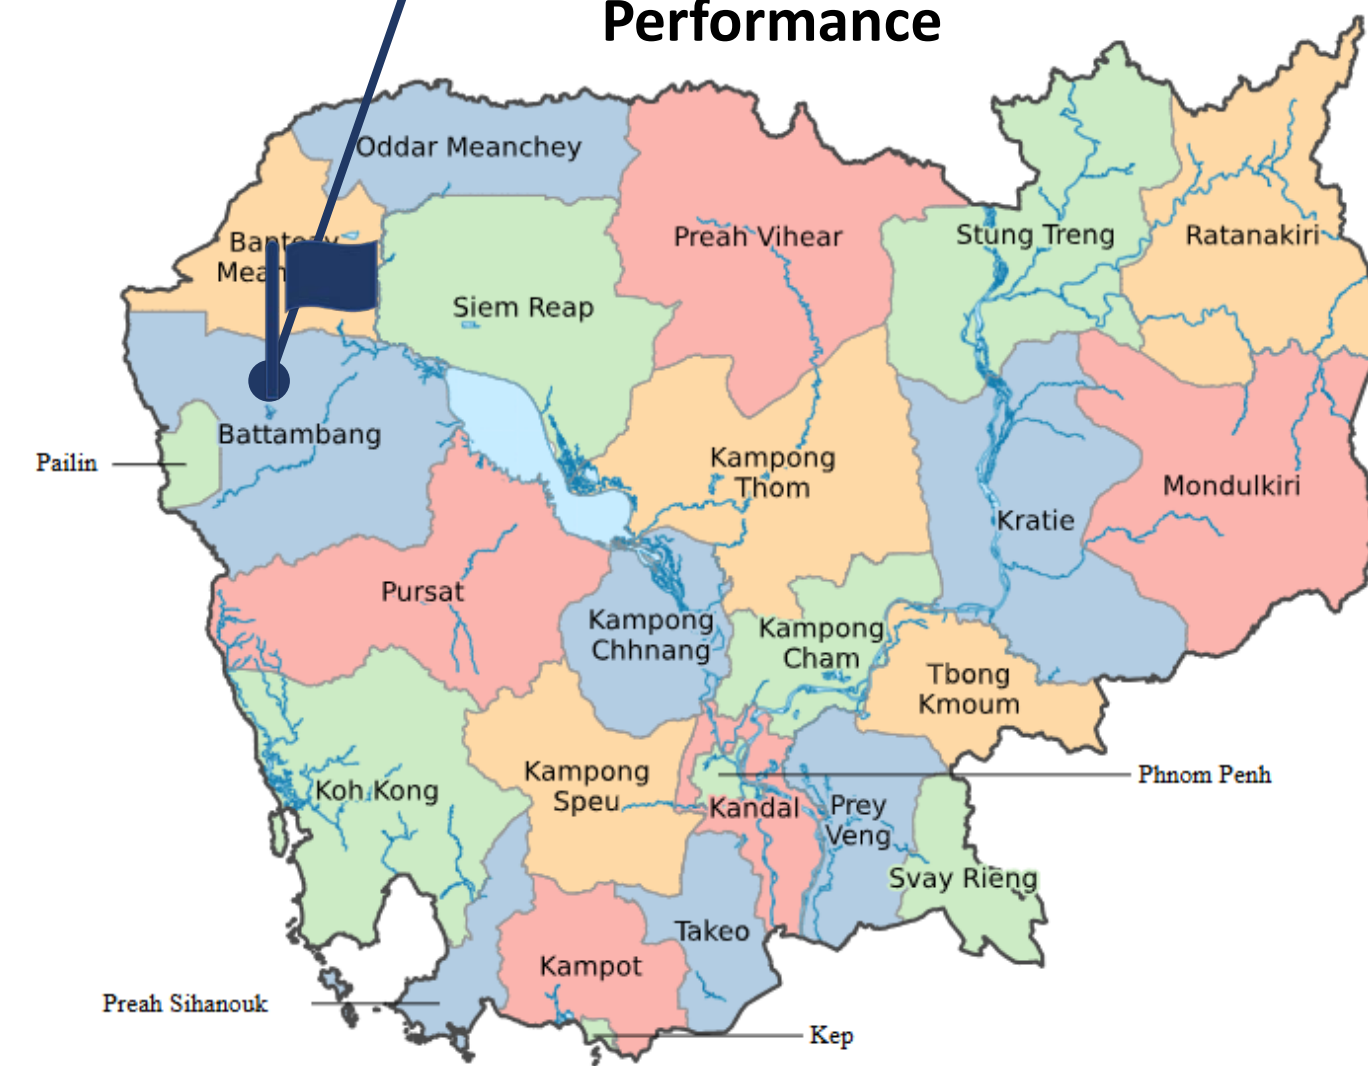

Link and learn agroecology from the field

Strengthening community capacity in monitoring pesticides use and promoting A⁺ for a non-toxic environment

Multidimensional Evaluation of Agroecological Performance

Conclusion

Diversity of projects

Improve **market** access for vegetables

Weed management for vegetable production

Test **organic sesame** value chain

Youth capacity building and **networking**

Test and pilot **coffee waste** management

Agroecological practices for **cashew nuts** production

TAPE methodology on horticulture production & **inputs reduction**

Pesticides monitoring and AE practices

Solar dryer for post-harvest practices

Knowledge Production & Dissemination

Case study writing workshop

Coaching sessions

Technical review

Organise sharing events

Dissemination on K.Hub

Support from Master student for capitalisation

Sharing events:

		<ul style="list-style-type: none"> Closing workshop at Ha Nam and Hoa Binh province in March News on national TV channel (VTC16) Sharing on ALiSEA communication channels

Monitoring and way forward in 2025

Follow up and monitoring of awarded grants

- Organize field visit
- Set up discussion during the project implement
- Join grantee workshop/event
- Promote grantees work on ALiSEA website

Document and ensure results dissemination

- Invite grantee to share their results via webinars
- Gather all knowledge products to be promoted on the knowledge hub
- Launch a capitalization process (intern support)
- Produce small grant capitalization documents
