L'ENVIRONNEMENT MONDIAL**

ALiSEA Pathway in Vietnam and Laos

1. **National Foresight & Theory of Change** to build common, desired vision on AE (Oct, 2021)
2. Results shared at the **National General Assembly** to all members (Nov, 2022)

	Vietnam	Laos
Pathway N1	Lack of collaboration between Stakeholders	Support Young Farmers . Increase Knowledge from national & international exchanges .
Pathway N2	Consumer demand for healthy food	Limited technical capacity of FOs, technicians on AE, SF and increasing trend of AE/SF products due to health and safety concerns
Pathway N3	Government Policy Support to Agroecology	Poor management of agricultural chemical use

ALiSEA: Main achievements in Laos

- Inspired farmers to adapt agroecology through field showcase of best practices, Flagship field visit in Xiengkhouang Province. (July 2024)

- Well collaborated with ALiSEA members and ECHO Asia to introduce and promote best practice of local seeds saving (September)

Major activity organized in Vietnam

Established the Zalo Group ALiSEA Vietnam (online)

- ❖ Operational Duration: June 2023 to November 2024 (**16 months**)
- ❖ Members: **89 accounts** representing **54 organizations**
- ❖ Interaction Statistics:
 - **2,653** messages
 - **207** images

 - **140** files

**Daily,
Quick share -
Quick Recieve**

ALiSEA Vietnam

89 members | 

Challenges

- Limitation of knowledge products contributed by ALiSEA members, which ALiSEA commits to engage with members and co-develop together
- Time limited for board members contributed in the network and activity implementation
- Ensure good communication flow and keep close with the members
- Engage more farmers organization and researchers and private sectors to join the network (Laos)
- Turn over the national secretariat (Laos)
- Limited of the communication and exchange between the countries (BM & member)
