# New members profile 2024

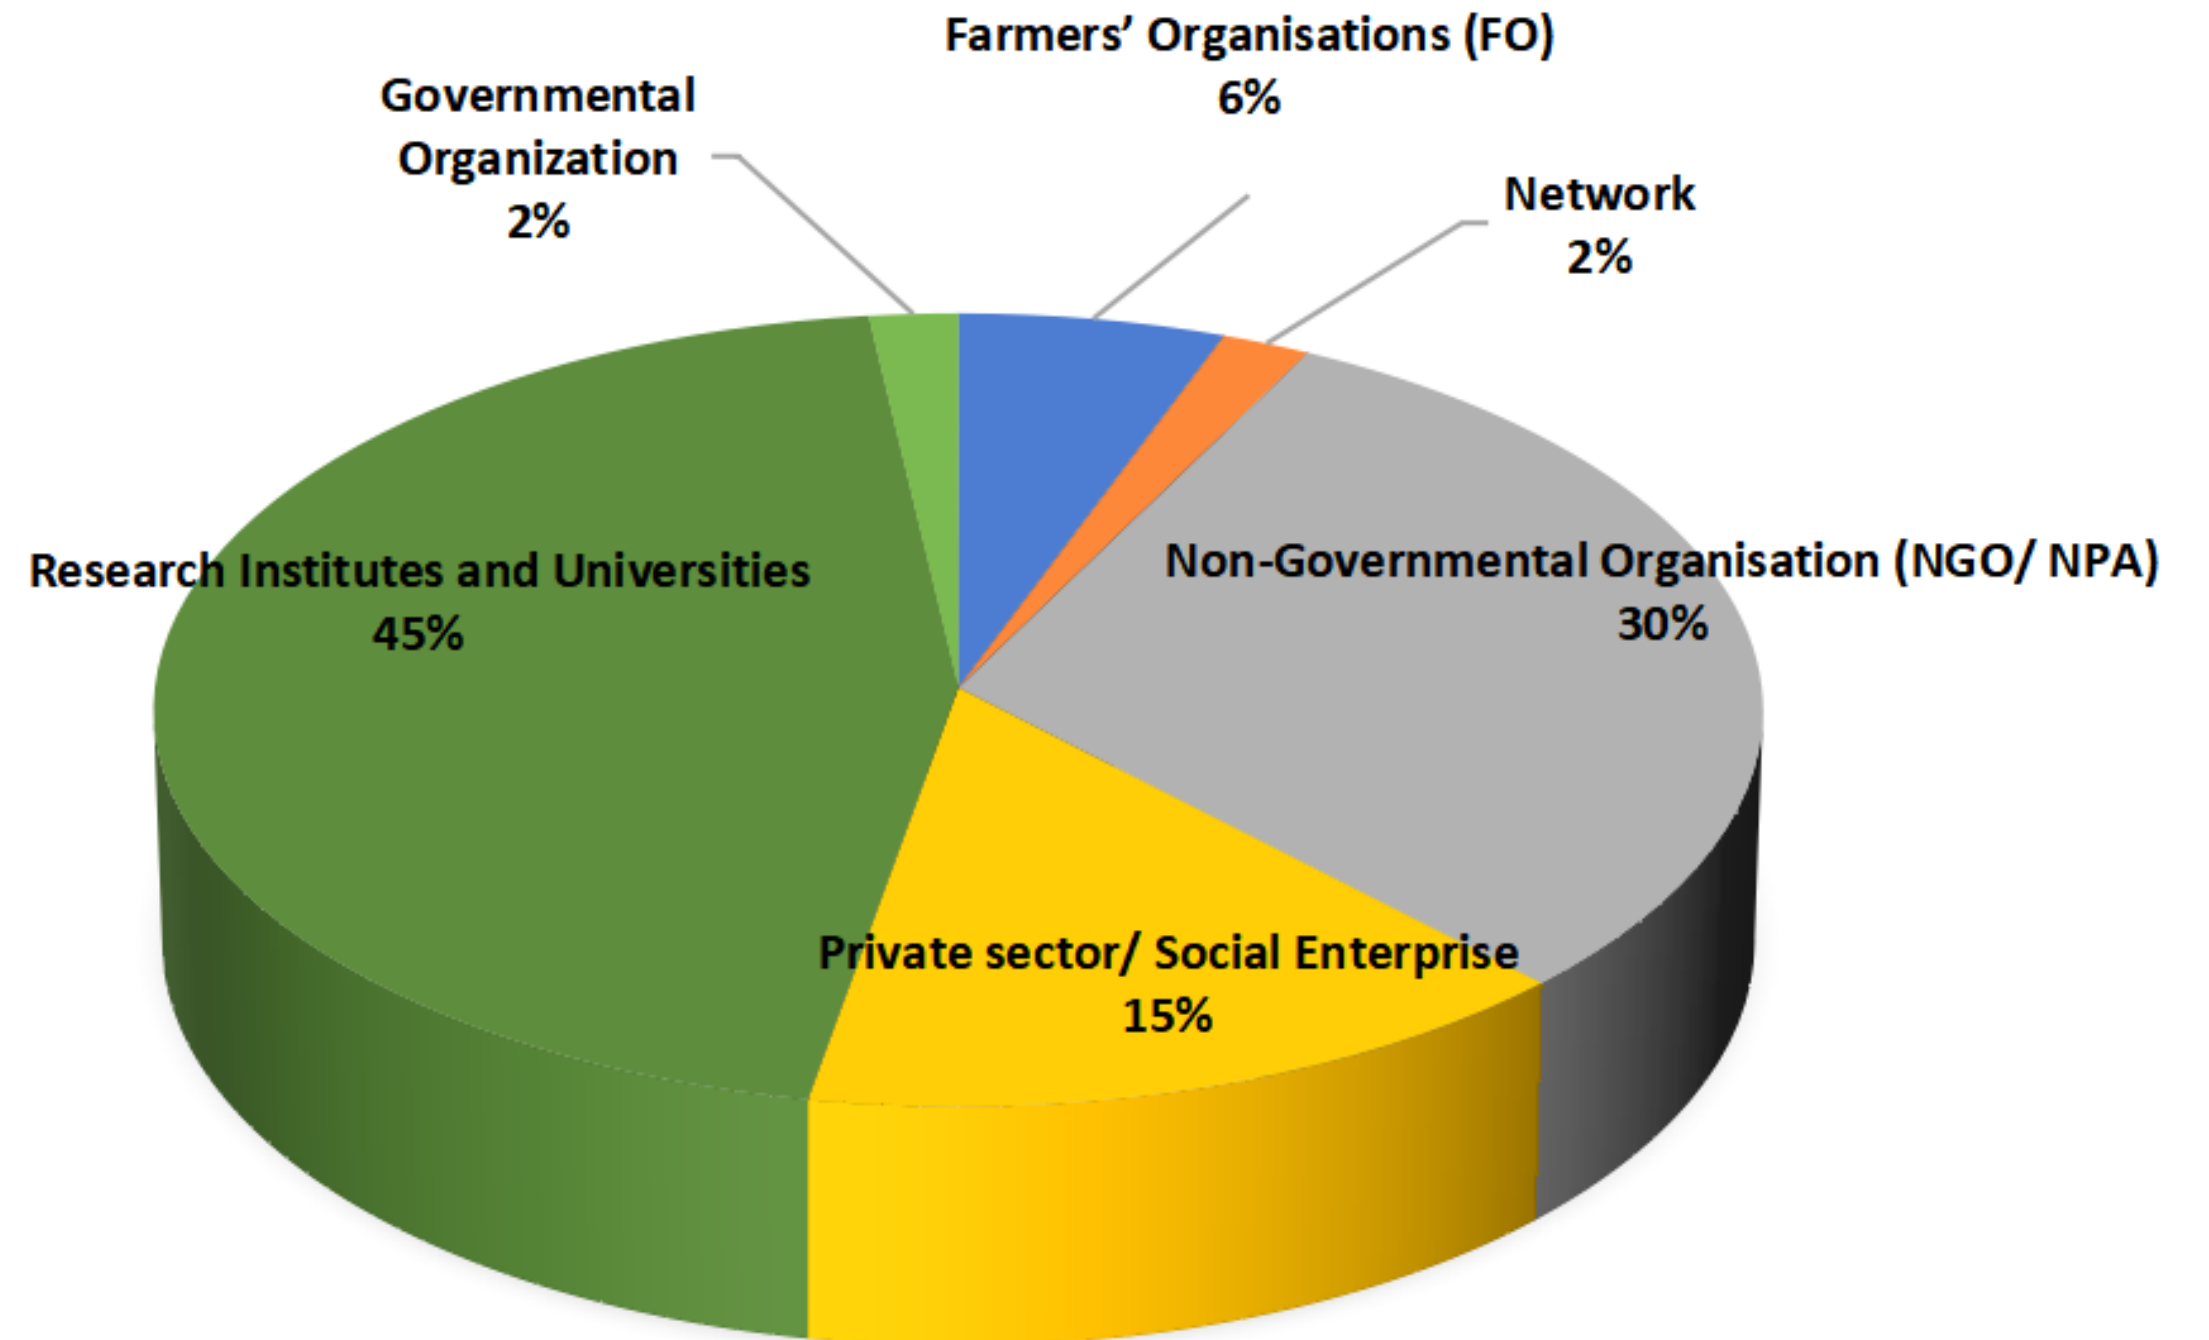

No	Organization and Description	Sector	Province	Contact Person
1	<b>The Department of Cultivation and Plant Protection of Son La province:</b> part of the province's Department of Agriculture and Rural Development, advises on cultivation, plant protection, and agricultural food safety. Its main tasks include guiding crop production policies, plant quarantine, pest control, and food safety. Focused on agroecology and organic agriculture, it promotes sustainable practices, provides technical support, and assists in implementing agricultural support programs for farmers.	Governmental Organization	Son La	Pham Thi Lan
2	<b>Tan Lac Son Cooperative:</b> founded in 2014 in Hoa Binh, promotes sustainable development in Tan Lac and Lac Son districts. It partners with government and NGOs on sustainable agriculture, technical consulting for climate-resilient farming, management training, and supports local product markets, ecological agriculture, and community-based ecotourism.	Private Sector	Hoa Binh	Mr. Do Trong Hiep
3	<b>Institute of Optimized Agriculture Technology (IOAT):</b> is a scientific and technological organization operating under the Law on Science and Technology of the Socialist Republic of Vietnam. Its goal is to become a leading unit in scientific research, technological development, and provision of scientific and technological services in the field of agriculture, contributing to the promotion of transparent, responsible, and sustainable agricultural development.	Research Institutes/ University	Hanoi	Mr. Dinh Minh Hieu
4	<b>Abavina JSC:</b> promotes sustainable agriculture to empower Vietnamese farmers. With 30+ hectares of organic farmland, Abavina provides training, technology, and market access for eco-friendly practices, supporting rural communities. Guided by values of cooperation, harmony, and happiness, Abavina aims to create a world of healthy, sustainable living and connect Vietnamese organic products globally.	Private Sector	Can Tho	Ms. Nguyễn Thị Kim Thoa
5	<b>Hung Vuong University:</b> is a multidisciplinary university established in 2003 from the upgrading of Phu Tho Teachers Training College set up 50years earlier. The university is responsible for training highly qualified human resources, functioning as a center for scientific research, and transferring scientific advances to serve the socio-economic development of Phu Tho province and other provinces in the region.	Research Institutes/ University	Phu Tho	Ms. Hoang Mai Thao

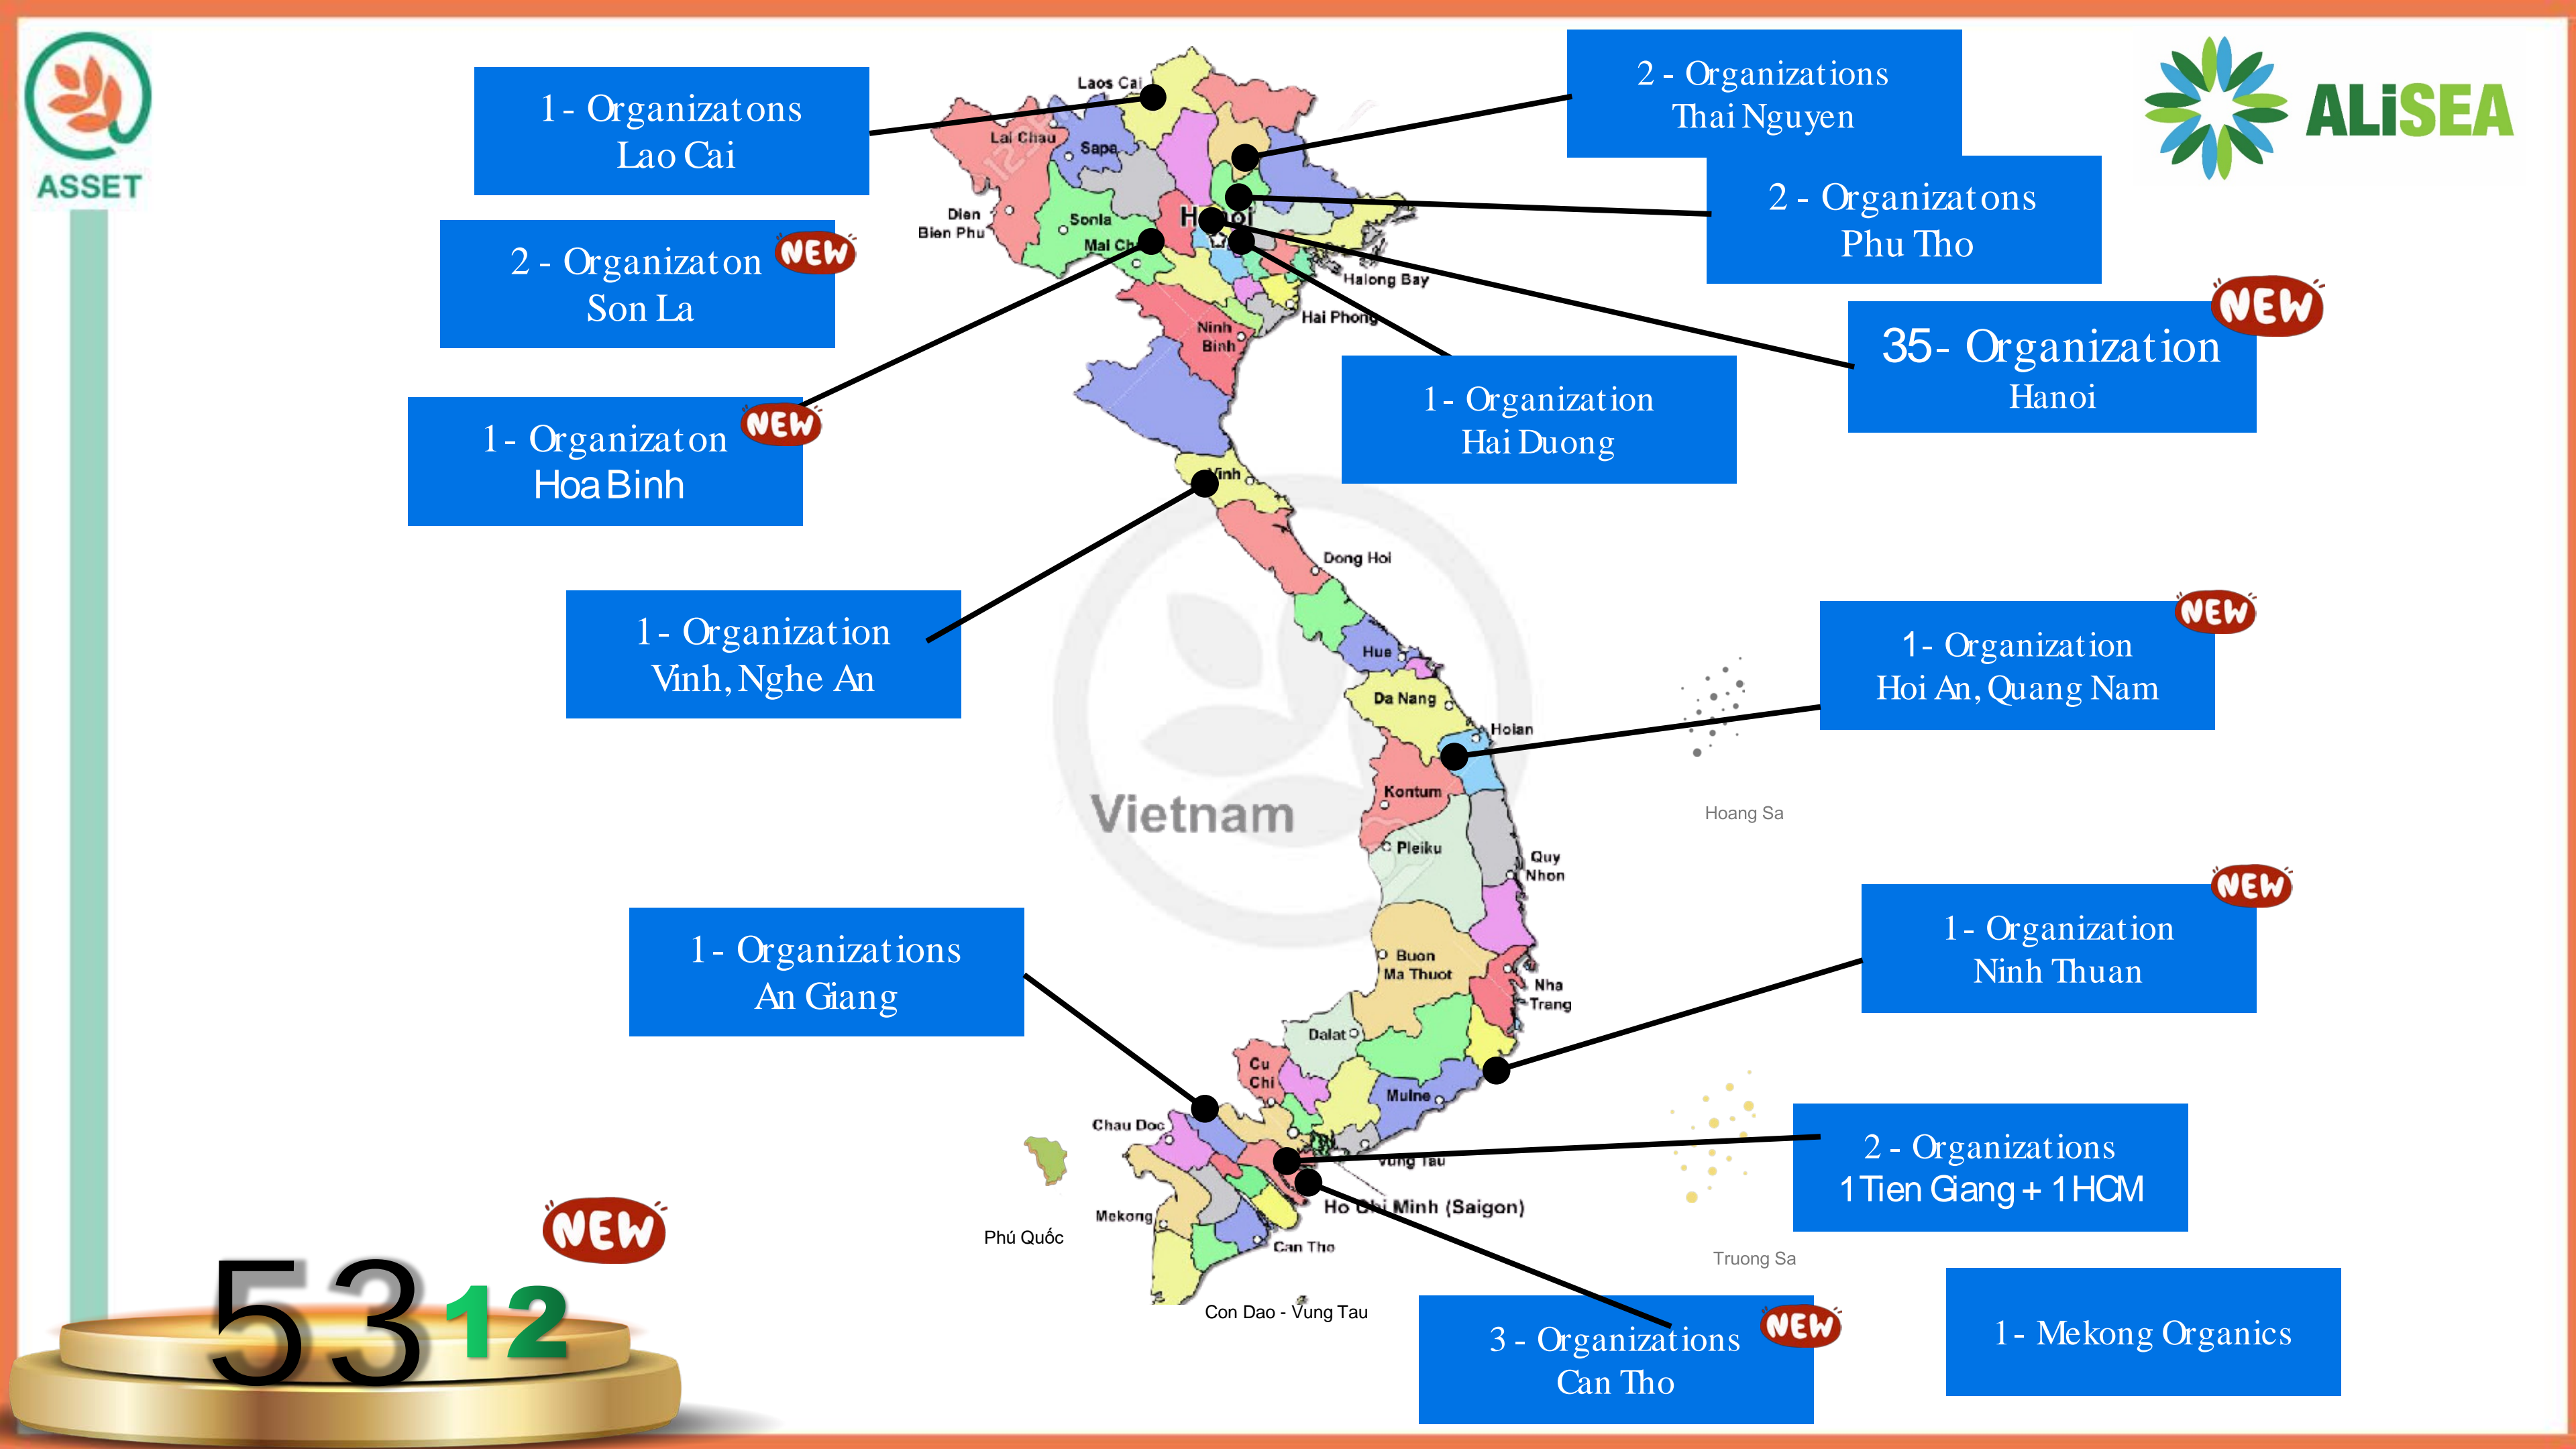

As of October 2024, we have received more 2 the registions and reviewed by BoM in Vietnam. They are Sustainable Agriculture Center (under Tay Bac University, Son La) and Green Future Cooperative inBac Lieu, Southern)

# MEMBERS FOLLOW-UP & SUGGESTIONS

## 1. Expand network and connections:

- Strengthen information sharing about AE with smallholder farmers, largest agricultural production force
- Increase the organization of face-to-face and online sharing meetings between members and interested people.

## 2. Policy advocacy

- Take advantage of Decision 300/QD-TTg 2023 to encourage production, ensure the rights and responsibilities of farmers towards converting to ecological agriculture.
- Support people to cope with risks in agroecology production.

## 3. Capacity building

- Organize training on Agroecology Principles and assessment methods for members.
- Enhance sharing & learning within member network, promote links in the consumption chain of agroecological products.
- Improve the capacity of state officials and farmers on the concept of agroecology.

## 4. Research and application

- Document practice models according to FAO's 10 principles or HLPE's 13 principles.

## 5. Communication and awareness raising

- Regularly evaluate, survey, test and replicate the Agroecology model.
- Raising awareness for organizations, unions, farmers and students about agroecology transformation and safe food systems.

*Thank You*
